Once you have logged in to your account, you will see two options at the top of the page:

- Profile.
- Management.

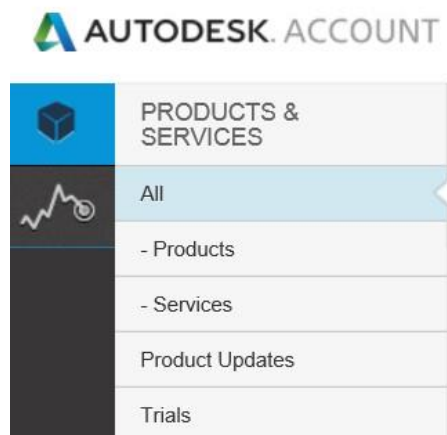

The page you are on is always the one underlined in blue.

In case you want to go directly to the "Management" site, use the following URL:

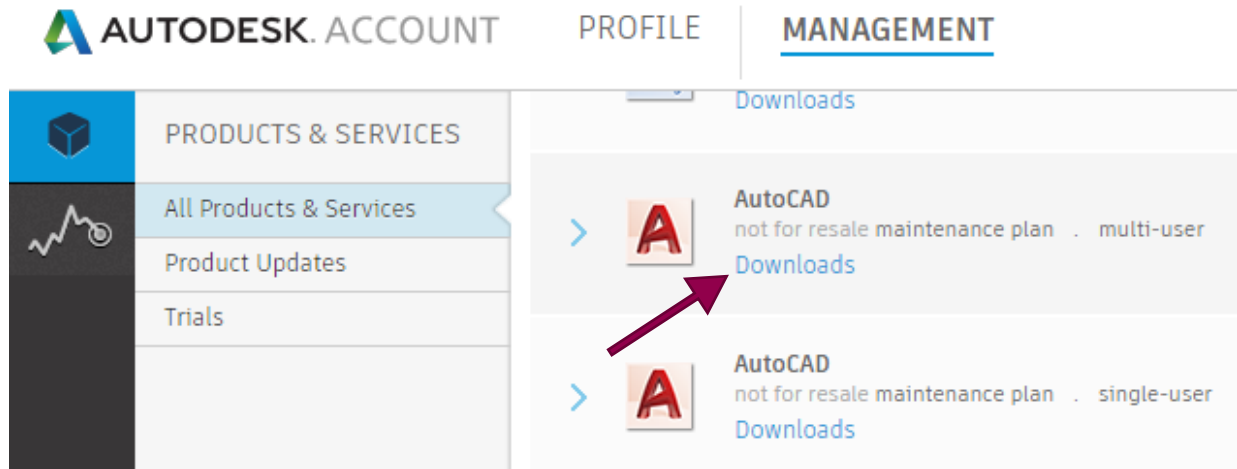

<https://manage.autodesk.com>

Clicking on 'Management' will open a list of all your products and services. In the menu on the left you can search for specific software, downloads, trial versions you are using, etc.

## Downloading and installing software

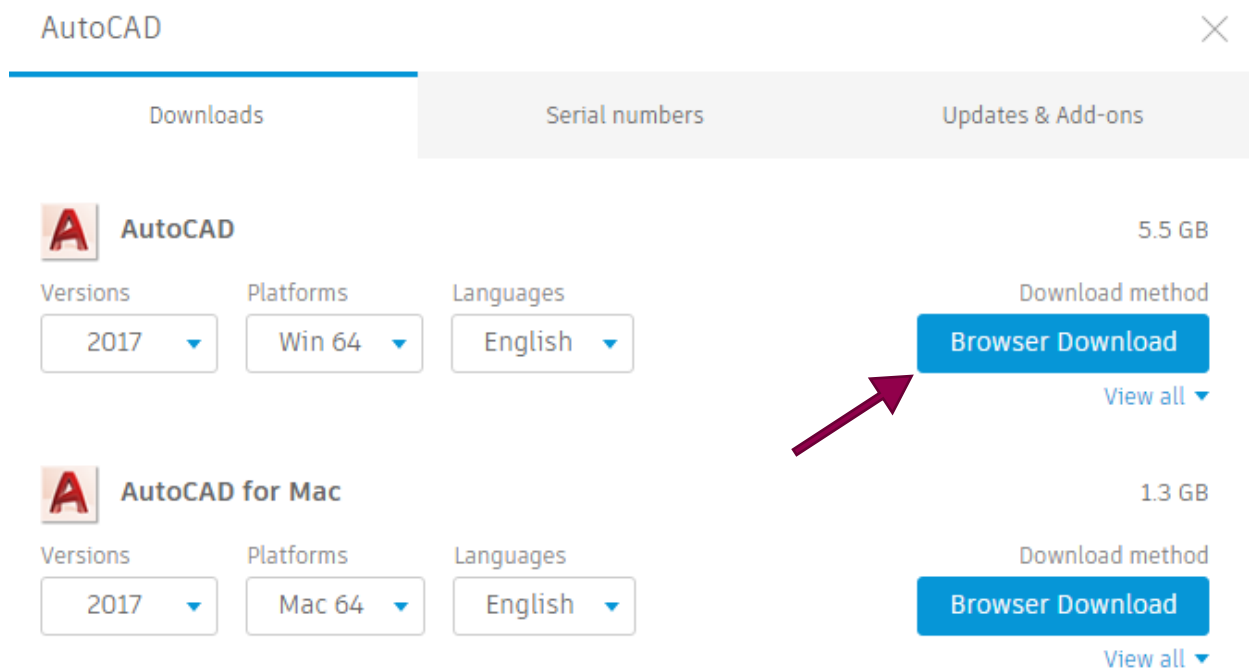

If you want to download and install software, search for the software you want in the list. In this example: AutoCAD. Then click on 'Downloads'.

There are several ways to download software. Using 'More options' (under the blue download button) you can choose the download you want to perform:

- [Download now](#) (download only, do not install now).
- [Install now](#) (download and install).
- [Browser download](#).

Once you have chosen the option you want, click on the blue button and the process will begin. (Attention! When downloading the packages through the browser, make sure that all parts are downloaded. The amount of required package will be shown after clicking the blue Download button.

## Downloading updates

Choose 'Updates & Add-ons' in the next screen.

# Finding the serial number and product key

Search in the list of software (under 'All Products & Services') for the software whose serial number or product key you want to see. An arrow is shown in front of the name of the software. The arrow is pointing to the right:

When you click on the arrow, the details of the software are shown. The serial number and the product key are easy to find.

A screenshot of the software details page for 'AutoCAD LT'. The page is light blue and contains the following information:

- Summary:** subscription ⓘ, Expired Mar 7, 2017, See details
- Serial numbers:** Versions: 2016, 2015, 2014; Platforms: Mac 64, Win 32, Win 32/64, Win 64; Seats: 4; License type: Standalone
- Table of Serial Numbers and Product Keys:**
